

JJ Pumps — Social Media Pack

20 posts · 29 Sep – 12 Nov 2026 · Instagram & Facebook · 3 posts a week · 5 finished reels

How to post, step by step

1. Find the post number and date below. Its files start with the same number.
2. **Photo or carousel:** open the **Images** folder and upload the image(s). For a carousel, upload all slides together, in order (1of5, 2of5...).
3. **Reel:** open the **Reels** folder and upload the .mp4. When asked for a cover, pick the matching reel-cover image from the Images folder.
4. Reels have no sound. Add a trending instrumental from the app's music library.
5. Copy that post's caption from **Captions.txt** (easier to copy than this PDF).
6. Post to Instagram and Facebook together using Meta Business Suite, **7–9 PM India time**.

Brand labels on the pump nameplates are hidden. Festival dates can shift by a day by region: check your local panchang for Gujarati New Year (planned for Tue 10 Nov).
Background photos are free Pexels photos, fine for ads with no credit needed.

01

Tue 29 Sep · Single photo Meet JJ Pumps

Namaste! We are Jay Jalaram Pumps & Spares (JJ Pumps) from Bakrol, Ahmedabad.

We make V6 submersible pump sets, motors, pump-only assemblies and spares, and we take job work.

Follow us for pump tips, farm water guides and new models.

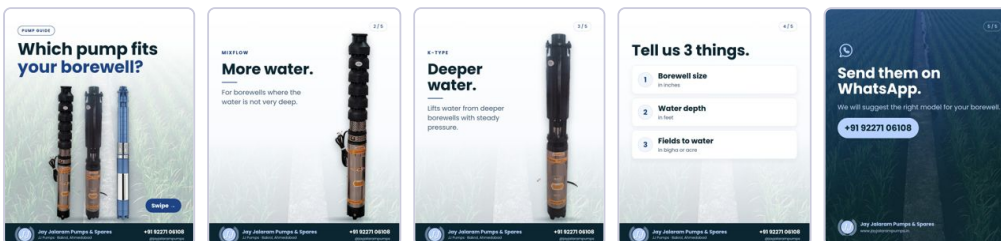

Call / WhatsApp: +91 92271 06108
www.jayjalarampumps.in

02

Thu 1 Oct · Carousel (5 slides) Which pump fits your borewell?

The wrong pump wastes power and water.

Send us 3 things on WhatsApp: borewell size, water depth and field size. We will suggest the right JJ pump for you.

Call / WhatsApp: +91 92271 06108

Tue 6 Oct • Single photo

Why copper rotor matters

Look for the orange "Copper Rotor" label on our pumps.

Copper carries electricity better than aluminium, so the motor heats up less while it works.

Call / WhatsApp: +91 92271 06108

07**Tue 13 Oct · Reel (18 sec)****What's inside your pump?**

Ever wondered what happens deep inside your borewell?

The copper rotor spins. The impellers lift the water, stage by stage. More stages means more height.
